

LIST OF TABLES

TABLE NO.	TITLE	PAGE NO.
3.1	Indicating the breakup of the sample size	62
3.2	Research design	63
3.3	Indicating the Cronbach alpha of pilot study (n= 100)	64
3.4	Indicating reliability test (n= 564)	65
3.5	Indicating skewness and kurtosis values of diversity dimensions to test normality	66
3.6	Indicating skewness and kurtosis values of challenges towards diversity to test normality	66
3.7	Indicating skewness and kurtosis values of social capital dimensions to test normality	67
4.2.1	Indicating minimum, maximum, mean and standard deviation of employees perception for diversity: workplace diversity survey	72
4.2.2	Indicating minimum, maximum, mean and standard deviation of challenges for diversity	73
4.2.3	Indicating minimum, maximum, mean and standard deviation of social capital survey	74
4.3.1	Shows that all correlation coefficients are positive and significant at 0.01 levels	76
4.3.2	Shows that all correlation coefficients are positive and significant at 0.01 level.	77
4.3.3	Shows that all correlation coefficients are positive and significant at 0.01 level.	78
4.3.4	Shows that all correlation coefficients are positive and significant at 0.01 level.	79
4.3.5	Shows that all correlation coefficients are positive and significant at 0.01 level.	80
4.3.6	Shows that all correlation coefficients are positive and significant at 0.01 level.	81
4.4.1	Indicating the number, mean, standard deviation, df and t-value regarding diversity perception dimensions across marital status	82
4.4.2	Indicating the number, mean, standard deviation, df and t-value regarding challenges towards diversity and its dimensions across marital status	84
4.4.3	Indicating the number, mean, standard deviation, df and t-value regarding social capital dimensions across marital status	85
4.4.4	Indicating the number, mean, standard deviation, df and t-value regarding diversity dimensions across gender	86
4.4.5	Indicating the number, mean, standard deviation, df and t-value regarding challenges towards diversity and its dimensions across gender	87
4.4.6	Indicating the number, mean, standard deviation, df and t-	88

	value regarding social capital dimensions across gender	
4.4.7	Indicating the number, mean, standard deviation, df and t-value regarding diversity dimensions across qualification	89
4.4.8	Indicating the number, mean, standard deviation, df and t-value regarding challenges towards diversity and its dimensions across qualification	90
4.4.9	Indicating the number, mean, standard deviation, df and t-value regarding social capital dimensions across qualification	91
4.5.1	Indicating ANOVA for perception towards diversity, dimensions of diversity and age	93
4.5.2	Indicating ANOVA for challenges towards diversity, dimensions of challenges and age	98
4.5.3	Indicating ANOVA for social capital, dimensions and age	102
4.6.1	Indicating the model summary of diversity perception and challenges towards diversity - social capital	106
4.6.2	Indicating ANOVA of diversity perception and challenges towards diversity - social capital	106
4.6.3	Indicating the regression coefficients of diversity perception and challenges towards diversity - social capital	107
4.6.4	Indicating the model summary of organizational challenges, individual challenges towards diversity - social capital	108
4.6.5	Indicating ANOVA of organizational challenges, individual challenges towards diversity – social capital	108
4.6.6	Indicating the regression coefficients of organizational challenges, individual challenges towards diversity – social capital	109
4.6.7	Indicating the model summary diversity perception dimensions - social capital	110
4.6.8	Indicating ANOVA of diversity perception dimensions - social capital	110
4.6.9	Indicating the regression coefficients of diversity perception dimensions – social capital	111
4.6.10	Indicating interaction effect between diversity perceptions and individual and organizational challenges towards diversity and social capital	113
4.7	Indicating structural equation model fit statistics for saturated, direct effects, moderating effects and null models	115
4.8	Indicating the influence of challenges towards diversity, diversity perception on social capital, interaction effects of diversity perception and challenges towards diversity on social capital.	116
4.9	Indicating the influence of dimensions of challenges towards diversity, diversity perception on social capital, interaction of diversity perception and challenges towards diversity on social capital	117
