Declaration .......................................................... i
Certificate ............................................................ ii
Acknowledgements .................................................. iii-iv
Abstract ............................................................. v-viii
List of tables ......................................................... ix-xiii
List of figures ......................................................... xiv-xviii
List of symbols and abbreviation ............................... xix-xxi

Chapter 1, Introduction ......................................... 1
1.1. Preface .......................................................... 1-4
1.2. Concept of social performance and sustainability .... 4
1.2.1. Social Performance ........................................ 4-6
1.2.2. Sustainability .............................................. 6-7
1.3. Commercialization of microfinance and Reserve Bank of India intervention
1.3.1. Commercialization of Microfinance Institutions .... 7-8
1.3.2. Reserve Bank of India Intervention .................... 8-11
1.4. Growth of the nonbanking finance company-microfinance institutions .......................... 11-19
1.5. Significance of the study .................................... 19-23
1.6. Research design .............................................. 24
1.7. Overviews of the chapters .................................. 24

Chapter 2, Review of literature ................................. 25
2.1. Introduction .................................................... 25-26
2.1.1. Financial services to poor ................................ 26-28
2.1.2. Social banking ............................................ 28-31
2.2. International recognition to microfinance

2.2.1. Introduction - United Nation international year of microcredit

2.3. Paradox of microfinance

2.4. Microfinance and millennium development goals

2.4.1 Eradicating poverty

2.4.2. Achieve universal primary education

2.4.3. Improving health outcomes for women and children

2.4.4. Empowering women

2.4.5. Reaching those in extreme poverty

2.5. Commercialization/mission drift of microfinance

2.5.1. Mission drift

2.5.2. Commercialization of microfinance in the eastern Europe, Africa, South Asia, East Asia, Latin America, and the Middle East

2.5.3. Commercialization of microfinance: middle east and north Africa

2.5.4. Studies on commercialization of microfinance institutions and public listing

2.6. Business transformation of Indian microcredit sector

2.7. Performance measurements of microfinance institutions

2.8. Research gap

**Chapter 3, Research Methods**

3.1. Methods

3.2. Need for the study

3.3. Objectives of the study
3.4. Variable of the study

3.5. Research question

3.6. Hypotheses

3.7. Sampling technique

3.8. Design of the study

3.9. Tools for collecting the data

3.10. Field work details

3.11. Tools for analysis

3.12. Measuring and classification of social performance of microfinance institutions

3.12.1.A. Dimension 1, targeting the poor and the excluded

3.12.1.A.1. Criterion 1 of dimension 1, geographic targeting

3.12.1.A.2. Criterion 2 of dimension 1, individual targeting

3.12.1.A.3. Criterion 3 of dimension 1, pro-poor methodology

3.12.1.B. Dimension 2, adaptation of services (product and services)

3.12.1.B.1. Criterion 1 of dimension 2, range of traditional services

3.12.1.B.2. Criterion 2 of dimension 2, quality of services

3.12.1.B.3. Criterion 3 of dimension 2, innovative and non-financial services

3.12.1.C. Dimension 3, benefits to clients

3.12.1.C.1. Criterion 1 of dimension 3, economic benefits to clients
3.12.1. C.3. Criterion 3 of dimension 3, social capital/client empowerment 89-91
3.12.1.D. Dimension 4, social responsibility 91
3.12.1. D.1. Criterion 1 of dimension 4, social responsibility to employees 91-93
3.12.1. D.2. Criterion 2 of dimension 4, social responsibility to clients 93-100
3.12.1. D.3. Criterion 3 of dimension 4, social responsibility to the community and environment 100-102
3.12.2. Classification of NBFC-MFIs based on the score of social performance indicator. 102-103
3.13. Reserve bank of India’s directions in relation to cerise social performance indicators 103-104
3.14. Sustainability of microfinance institutions 104
3.14.1. Portfolio quality 104-105
3.14.2. Efficiency and financial management 105-106
3.14.3. Profitability 106-107
3.15. Financial performance of NBFC-MFIs and comparison with national benchmark 107-108
3.16. Description of dependent variable and independent variable for correlation and regression analysis 108
3.16.1. Description of independent variable – social performance 108-111
3.16.2. Description of dependent variable 111
3.16.3. Effect of social performance (dimension wise and criteria wise) on the financial performance of microfinance institutions by using correlation analysis.

3.18. A case study on developing a socially relevant product and sustainability of non-governmental organization MFI

**Chapter 4. Social performance of NBFC-MFIs**

4.1. Introduction

4.2 Social performance assessments of the NBFC-MFIS

4.2.1. Overall social performance analysis of NBFC-MFIS

4.2.2. Dimension-wise social performance analysis of NBFC-MFIS

4.2.2.1. Dimension targeting the poor and excluded

4.2.2.2. Dimension adoption of services

4.2.2.3. Dimension benefits to clients

4.2.2.4. Dimension social responsibility

4.2.3. Criteria-wise social performance analysis of NBFC-MFIs

4.2.3.1. Geographical targeting

4.2.3.2. Individual targeting

4.2.3.3. Pro-poor methodology

4.2.3.4. Range of traditional services

4.2.3.5. Quality of services

4.2.3.6. Innovative and non-financial services

4.2.3.7. Economic benefits
4.2.3.8. Clients participation 142-144
4.2.3.9. Empowerment 144-145
4.2.3.10. Social responsibility toward staff 146-147
4.2.3.11. Social responsibility toward clients 147-149
4.2.3.12. Social responsibility toward community and environment 149-151
4.2.4. Summary 151-154

4.3. Reserve bank of India’s regulations related to social performance post the Andhra Pradesh microfinance crisis 155
4.3.1 Introduction 155-156
4.3.2. Reserve bank of India’s directions in relation to cerise social performance indicators 156-167
4.3.3. Scoring of cerise social performance indicator based on the influence of RBI NBFC-MFIS directions 167-170
4.3.4. Scoring of cerise social performance indicator that had the influence of RBI-NBFIC-MFIS directions in percentage and its classifications 170-172
4.3.5. Summary 172-174

Chapter 5. Financial sustainability of NBFC-MFIs 175
5.1. Introduction 175
5.1.1. Portfolio growth of microfinance institutions 176-179
5.1.2. Profits/loss of microfinance institutions 179-182
5.1.3. Summary 182-183
5.2. NBFC-MFIS financial analysis 184
5.2.1. Portfolio quality 184
5.2.1.1. Portfolio at risk >30 days 184-186
5.2.1.2. Loan loss reserve 186-188
5.2.1.3. Risk coverage ratio 188-189
5.2.1.4. Written-off ratio 190-191
5.2.2. Efficiency and financial management 192
5.2.2.1. Operation Self-Sufficiency 192-194
5.2.2.2. Provision Expense Ratio 195-197
5.2.2.3. Operational Expense Ratio 197-199
5.2.2.4. Financial Expense Ratio 200-202
5.2.2.5. Personal Expenses and Administration, Other Operation Expense Ratio 203-206
5.2.2.6. Minimum Lending Rate 206-208
5.2.3. Profitability of NBFC-MFIS. 208
5.2.3.1. Return On Equity 208-210
5.2.3.2. Return On Assets 211-212
5.2.3.3. Portfolio Yield 212-214
5.2.4. Summary 214-217
5.3. Financial performance of NBFC-MFIS and comparison with national benchmark 217
5.3.1. Introduction 217-218
5.3.2. Portfolio Yield (PY) 218-219
5.3.3. Portfolio At Risk >30 days 219-222
5.3.4. Personal Expense Ratio (PER) 222-223
5.3.5. Admin and Other Expenses (AOE) 223-225
5.3.6. Financial Expense Ratio (FER) 225-226
5.3.7. Return on asset (ROA) 226-227
5.3.8. Summary 227-228
Chapter 6. Effect of social performance on sustainability of NBFC-MFIs.

6.1. Introduction

6.1.1. Understanding the effect of social performance (dimension-wise) on the financial performance of microfinance institutions by using correlation analysis.

6.1.2. Understanding the effect of social performance (criteria-wise) on the financial performance of microfinance institutions by using correlation analysis.

6.1.3. Understanding the effect of social performance on sustainability of microfinance institutions by using regression analysis.

6.1.3. A. Portfolio risk \((y_1)\) as a function of targeting the poor and excluded \((x_1)\), adoption of services \((x_2)\), benefits to clients \((x_3)\) and social responsibility \((x_4)\).

6.1.3.B. Operation self-sufficiency \((y_2)\) as a function of targeting the poor and excluded \((x_1)\), adoption of services \((x_2)\), benefits to clients \((x_3)\) and social responsibility \((x_4)\)

6.1.3.C. Operation expense ratio \((y_3)\) as a function of targeting the poor and excluded \((x_1)\), adoption of services \((x_2)\), benefits to clients \((x_3)\) and social responsibility \((x_4)\)

6.1.3.D. Financial expenses \((y_4)\) as a function of targeting the poor and excluded \((x_1)\), adoption of services \((x_2)\), benefits to clients \((x_3)\) and social responsibility \((x_4)\)
6.1.3.E. Return on equity (y_5) as a function of targeting the poor (x_1), adoption of services (x_2), benefits to clients (x_3) and social responsibility (x_4).

6.1.3.F. Return on assets (y_6) as a function of targeting the poor (x_1), adoption of services (x_2), benefits to clients (x_3) and social responsibility (x_4).

6.1.4. Understanding the effect of social performance (criteria-wise) on the financial performance of microfinance institutions by using regression analysis.

6.1.4.A. Portfolio risk as a function of geographic targeting, individual targeting, pro-poor methodology (x_3), range of traditional services (x_4), innovative and non-financial services (x_5), economic benefits (x_6), and clients participation (x_7).

6.1.4.B. Operational self-sufficiency (y_2) as a function of geographic targeting (x_1), individual targeting (x_2), pro-poor methodology (x_3), range of traditional services (x_4), and quality of services (x_5).

6.1.4.C. Operation expense ratio (y_3) as a function of geographic targeting (x_1), individual targeting (x_2), pro-poor methodology (x_3).

6.1.4.D. Return on equity (y_4) as a function of geographic targeting (x_1), individual targeting (x_2), and pro-poor methodology (x_3).

6.1.4.E. Return on assets (y_5) as a function of geographic targeting (x_1) and economic benefits (x_2).
6.1.4. F. Personal expenses \( y_8 \) as a function of geographic targeting \( x_1 \), individual targeting \( x_2 \), pro-poor methodology \( x_3 \), and range of traditional services

6.1.5. Summary

6.2.1. Introduction

6.2.2. Comparison of various financial performance parameters between financial years 2009-2010 to 2011-2012 (pre-RBI-NBFC-MFI directions) and 2012-2013 to 2014-2015 (post-RBI-NBFC-MFI directions)

6.2.3. Summary

6.3. Intensifying social performance and sustainability of MFI to address the social challenge of sanitation “a case study on developing a social relevant product and sustainability of non-governmental organization MFI”

6.3.1. Introduction

6.3.2. Overview of Bharathi microfinance program

6.3.2.A. Outreach as on 31 march 2017

6.3.2.B. Products offered by Bharathi

6.3.2. C. Other services offered by Bharathi

6.3.2.D. Current capital structure

6.3.3. Vision, mission, the guiding principles and trust areas of Bharathi

6.4. Innovative sanitation program
6.4.1. Supply chain of toilet construction 276-277
6.4.2. Sustainable growth and social performance 277-279
6.4.3. Discussion 279-280
6.4.4. Conclusion 280-281

Chapter 7, Conclusions, implications, suggestions for further research, and limitations of the study.
